Cart Repair Project

Dear Manchester Township Resident:

Please be advised that crews will be on route in Manchester Township to repair or replace any damaged 65 gallon mobile carts for recycling during the week of May 15. Carts will be repaired or replaced if they were damaged by Penn Waste trucks during your regular collection.

If your cart is to be repaired or replaced, Penn Waste crews will leave a tag on your cart with a message notifying you to leave your mobile cart out. A crew will be around to repair your cart on the same day. If you do not leave your cart out for the crew to repair, your cart will not be repaired.

If you should have any questions, please call our office at (717) 767-4456 or (866) 575-8720 (toll free). You may also visit our website at www.pennwaste.com for additional details. To stay up to date on collection schedules and recycling tips, please sign up for our E-News Updates on our website.

Thank you for this opportunity to serve you.

Sincerely,

Penn Waste

Creating a green community together
