York Area United Fire & Rescue Services Proposal

As summarized in item #2 of the manager's report, Mr. James reported that as a follow-up to the board's action at the January 11, 2011 meeting to authorize Manchester Township representatives to enter into discussions with representatives of the York Area United Fire and Rescue (YAUFR) Commission concerning any future interest that the Manchester Township Board of Supervisors may have in having Manchester Township join YAUFR as a participating municipality, on November 17, 2011 Ms. Wingert and Mr. James met with YAUFR Solicitor Steve Hovis, Fire Chief Robert McCoy and YAUFR Commission Members Don Bishop and Austin Hunt to continue dialogue regarding advantages and disadvantages in a potential merger of fire services with YAUFR. Ms. Wingert and Former Supervisor Young reported that they participated in a conference call with Vijay Kapoor of Public Financial Management, Inc., who had been contracted by the YAUFR Commission to develop a financial analysis and that Mr. Kapoor provided general financial information that confirmed short and long term savings with merging with YAUFR. Mr. James reported that following Manchester Township Board of Supervisors action on January 3, 2012 to request membership consideration by the YAUFR Commission, Ms. Wingert received a January 27, 2012 letter from YAUFR Chairperson William Schenck confirming acceptance of the

membership consideration request. Chief McCoy presented the board with a draft memorandum of understanding between YAUFRC Commission and Manchester Township in an attempt to begin negotiations for Manchester Township to become a charter member of YAUFRC. On December 10, 2013 the board adopted a resolution that Manchester Township move forward with negotiations with the YAUFRC Commission in an attempt to consolidate the fire service in the future. Chief McCoy reported that on April 15, 2014 the YAUFRC Commission approved a proposed agreement be offered to Manchester Township for consideration for an immediate identity transfer from Manchester Township to YAUFRC; for continued chief management services and including payroll services beginning January 1, 2015 for \$4,500 monthly (beginning in 2015). On May 13, 2014 the board authorized the chairperson or vice-chairperson to execute the YAUFRC agreement that includes an identity transfer; a continuation of chief management services, including payroll transfer effective January 2015, for \$4,500 monthly through December 1, 2017. Chief McCoy reported that a meeting was held on April 14, 2015 with union representatives of both Manchester Township Department of Fire Services and YAUFRC to begin discussions related to collective bargaining agreements. Mr. James reported that he, Supervisors Lisa Wingert and Brosend met with Chief McCoy, YAUFRC Solicitor Hovis, YAUFRC Commissioners Phan and Hunt on August 17, 2015 to discuss consolidation consideration. Mr. Brandstedter expressed concern with entering into an agreement with the unclear exit option. Mr. James stated the agreement terms would need to be negotiated. The board took action on September 8, 2015 to submit a letter of joinder consideration to the York Area United Fire and Rescue Commission. Supervisor Wingert reported work continues on merged agreement draft. Chief Hoff reported the YAUFRC Commission would like the board to consider having two representatives from Manchester Township to participate in a non-voting role in YAUFRC Commission meetings. The board representatives Ms. Wingert and Mr. Brosend indicated they would attend future YAUFRC Commission meetings. Chief Hoff reported the YAUFRC Commission would like to restart discussions with Manchester Township on the joinder process. The board by consensus directed Chairperson Wingert and Supervisor Brosend to participate in the joinder discussions with a goal of completion in 2017. Chairperson Wingert reported a meeting with YAUFRC Commissioners Phan and Hunt, YAUFRC Solicitor Hovis, Chief Hoff and Manager James on March 6, 2017 regarding joinder discussions.

Emergency Bypass Pumping – DEP

As summarized in item #3 of the manager's report, Mr. James reported that Public Works Superintendent Goodyear had collected data during the 4 inch rain event on March 30-31, 2014 that indicates more information should be gathered in the City of York Sewer Interceptor from Manholes #1 to #25 via televising and cleaning. On April 8, 2014, the board authorized seeking contracted services for televising and cleaning the interceptor line for a not-to-exceed cost of \$25,000. Mr. James reported the receipt of an April 24, 2014 Notice of Violation letter from Austin Pardoe, Water Quality Specialist with the Pennsylvania Department of Environmental Protection (DEP) regarding the bypass pumping activities for the March 30-31, 2014 rain event and requesting a corrective action plan be forwarded to DEP within 30 days. Richard Resh of C.S. Davidson, Inc. distributed a draft response to Mr. Pardoe for board review and guidance. Mr. James reported DEP provided an extension of 30 additional days for a corrective action plan response (to June 24, 2014). Mr. James reported that C.S.

Davidson, Inc. prepared and distributed to the board members a June 19, 2014 response document to DEP. Engineer Treglia reviewed with the board the modified corrective action response document as requested by DEP. Mr. Hauck reported the cleaning and videoing of the interceptor line by the Manchester Township Public Works Department has recently discovered blockages created by tree roots. On September 9, 2014 the board authorized Attorney Mahoney to (1) Notify DEP that the televising of a sewer line has revealed the likely cause of the recently developed inflow and infiltration ("I&I") problem that prompted the Department to require submission of a proposed Corrective Action Plan ("CAP"), by providing a copy of the recently obtained visual evidence of a line blockage, and (2) Request that DEP reconsider its recommendations concerning revisions to the CAP as proposed by the Township, based on the apparent discovery and imminent testing and confirmation of the cause of the intermittent hydraulic overload in the sewer conveyance line, as indicated by the sewer line televising examination. Attorney Mahoney reported that he submitted a draft Consent Order and Agreement to the board for review. Mr. James reported that Attorney Mahoney submitted the draft Consent Order and Agreement to DEP in mid-December. Attorney Mahoney and Engineer Terry Myers were present to review the draft Consent Order and Agreement with the board. After discussions, the board by consensus authorized the draft Consent Order and Agreement developed by Attorney Mahoney be forwarded to DEP for consideration on February 10, 2015. Mr. James reported that Attorney Mahoney has been informed by DEP that they are not satisfied with the current status of the meter readings and have requested a technical meeting in April to possibly consider an interceptor upgrade project sooner than anticipated, but has not received confirmation on meeting date. On May 12, 2015 Mr. Mahoney updated the board of continued discussion with DEP; York City Sewer Authority and Manchester Township in executive session. Mr. James reported that 53 house inspections required within the CAP and draft Consent Order and Agreement were completed by Code Administrators, Inc. over the weekends of October 24 and 31, 2015 with a majority of illegal connections located in developments built in the 1950-1960's. Per DEP's CAP; continued house inspections are required of which the board by consensus authorized the completion of a second phase of 50 house inspections this spring. Mr. James reported that on June 27, 2016 township representatives, including Mr. Hauck, met with representatives of DEP and the City of York to discuss the impending Consent Order and Agreement for Manchester Township. Mr. James previously reported that DEP informed the township that the Consent Order and Agreement will be issued in the future and that the township and city have six (6) months to negotiate the interceptor cost distribution. Solicitor Young reported he had delivered the interceptor cost-sharing agreement authorized by the board on December 13, 2016, to the York City Sewer Authority's Solicitor Stacey MacNeal for execution. Engineer Treglia reported on design and permitting efforts and on February 28, 2017 meeting with Supervisor Hauck, Manager James and Engineers with York City Sewer Authority regarding interceptor project logistics.
